

# Our Philosophy

We believe that a cake should taste as good as it looks.

Yes, some cakes are veritable works of art, so beautiful, so yucky!

We use time tested, handcrafted recipes that result in moist, delicious cake. Made with organic ingredients, they really do taste good.

We NEVER freeze our cakes and take pride in delivering a custom cake designed just for your special event.

We look forward to working with you to create the cake of your dreams.
